*White is standard for Vinyl Cupolas. Add 10% for Ivory

*Due to the fluctuating price of copper there may be a copper surcharge added to the price.

Selecting the Correct Size Cupola

A good rule of thumb for selecting the right size cupola for your building is a minimum of 1.25" for every foot of unbroken roof ridge line.

For Example: if a roof section measures 24', the minimum size the cupola should be is 30".

For roof length 48' and longer you may want to consider using two or three cupolas.

Vinyl Lantern Posts

Model	Description	Size	Price
Austin	Standard Post	5 1/2" SQ x 76" High	\$195.00
